On August 25, 2018, I ofc J. Young was working Bravo module with ofc Moody. At or around 10:55 ofc Moody advised me to call medical emergency for I/m Freitag, Charles #125635 housed in Bravo 3 cell. I called housing to call medical emergency Bravo. Both medical staff + fellow officers responded, I opened the door + directed them to cell 3, where rescue efforts began. NFI
